TODAY Legislators: UNI Contract Illegal

Can Now Proceed with Bill

DES MOINES - Legislative lead-DES MOINES — Legislative leaders of both parties have unanimously decided to refuse to consider a voluntarily approved contract between the state board of regents and the faculty at the University of Northern

"Their contract is illegal so it is our position they do not have a con-tract," was the way State Sen. Earl Willis (D-Des Moines) bluntly put it

The contract has a clause calling for negotiations to re-open next year to determine the following year's

State law says such contracts must be on a two-year basis and it is

on that point that lawmakers said. Thursday the UNI pact was void.

The decision, while it raises a host of questions on the legislature's role in collective bargaining, apparently removes the chief stumbling block for approval of a state employe payfringe package by the end of the wrek.

There were other developments

 The budget committees of both chambers began meeting to draw up a bill that will hopefully be ready for debate Friday, according to Senate Majority Leader George Kinley (D. Des Moines). Early Thursday aftermoon, the committee was moving with greater dispatch than expected, and hones were raised the article is and hopes were raised the entire is

sue could be ready for house debate fater in the day

· Several leaders said if the billdrafting process becomes begged down Thursday, lawmakers will be sent home and reconvened sometime

 The possibility of a Saturday ses-The positioning of a saturacy session was raised by House Speaker Dale Cochran (D-Eagle Grove) if it is needed to allow adjournment of the special session this week.

Lawmakers not involved in the leadership decision-making process, much of it behind closed doors, showed their irritation Wednesday night, blasting leaders for being "m-

Foreign Aid **Amendments** 'Demagogic'

WASHINGTON (UPI) -- Speaker Thomas O'Neill Thursday denounced as "demagogic" amendments being added to a foreign aid bill that limit U.S. contributions to international loan agencies.

"It's hard to vote against demagogic legislation and that's what this is," O'Neill told reporters as the house moved into the second day of work on the controversial aid bill.

work on the controversial aid bill.

work on the controversial aid bill.

"The President is disappointed with the hand-tying amendments the Republicans have offered," said O'Neill. Reminded that the minority Republicans needed Democratic votes to pass the amendments, O'Neill said, "On the surface they have public appeal."

"It's always easy to go home and say you voted against Vietnam, or Communist Cuba, or Idi Amin or to break ties with Argentina. But all you're doing is thwarting chances for the President for making more firm prospects of peace in the world," said O'Neill.

Ban Viet Aid

Ban Viet Aid

Before voting to restrict U.S. representatives to international agencies in dealing with Communist countries, the house Wednesday approved an amendment that banned any reparations for Vietnam.

Brushing aside charges they were hasty and guilty of less than honorable consideration, the members voted 359 to 33 Wednesday in favor of an amendment by Rep. Lester Wolff (D.N.Y.) to renounce the offer made to Haron's leaders while the war was

still raging. Rep. Theodore Weiss, a Hungarian-born freshman Democrat from New York, took sharp exception to the vote, which followed little more than five minutes of dehate.

Weiss, who claimed the United States owes reparations for the de-struction it wrought in Vietnam, said America was "slopping off an obliga-

—Iowa Pay Bill—

Ray for not releasing, prior to this week, information needed to come up with a bill granting state employe benefits that reflect the first year of collective bargaining for such per-

The joint leadership team also came up with several other decisions, in addition to the UNI matter. According to Cochran, some of the decisions are unwaiverable, while others are "recommendations" for

the budget committees to work not. The UNI affair has been a source The UNI affair has been a source of constant bickering ever since the regents and the faculty, apparently under pressure from the governor's office, came down with an agreement just hours before Ray was to deliver his recommendations to the legislature Tuesday.

The pact calls for the faculty to receive average wage increases of

receive average wage increases of 6.4 percent, the same figure Ray rec-ommended for comparable non-organized faculty and scientific person nel at the other two regents universi-

In a budget committee meeting. Wednesday, Gene Verton, the gover-nor's representative in collective bargaining talks, said he was un-happy about the UNI-regents con-tract because it called for the re-opener clause.

He recommended sending the contract back to the parties with instructions to come up with a twoyear agreement, as called for in state

Later, however, R. Wayne Richey, executive director of the regents, said the agreement would never have been consummated without the re opener clause. He said the regents and the faculty considered the nact a two-year affair and within state

law.
Richey was not immediately avail-

able for comment Thursday.

Cochron said the leadership decided there was "no contract in the eyes of the lowa Code."

eyes of the lowa Code."

Early Thursday, the joint budget committee considered language saying the UNI faculty, in effect, is an organized group with no contract. A

proposed amendment would give the regents a certain dollar amount for UNI benefits, equal to the average 6.5 percent benefit for comprable

personnel at the other universities.
The parties would then be told to continue negotiations with that dele lar limitation.

At stake is what precedent would the general assembly be setting if it refused to recognize a contract? Also, some will no doubt ask if collective hargaining is compromised when the negotiations are limited to

There were several other decisions which have kept the first special session since 1964 at a virtual sandstill. standstill:

 The legislature will not agree with Ray's proposal to "sweeten" health insurance benefits under the contracts reached by a security under Ray's proposal was designed to make the health insurance benefits as uniform as possible.

"Our position is not to after a con-tract," Cochran said, "even if it means the people in this unit will get slightly less benefits than other em-

· Adopt most of Ray's suggestions for sick leave, including the reduc-tion of the number of sick leave days one may accumulate per year from the current 30 to the proposed 13. Also, the leaders agreed they would lift the current 90-day maximum ac-

Concerning the rest of Ray's ideas on bow to "bank" the sick leave time and how to make its henefits availa-ble at retirement, the leaders decided to call for actuarial studies, Coch-

 Concerning the amount of pay increases for unorganized faculty and scientific employes at the Uni-versity of Iowa and Iowa State university, the leaders agreed to be "flexible."

There have been several com-plants from the university commu-nity that Ray's suggested average 64-percent pay hike would put the professional employes at a disadvan-

tage compared to other universities and compared to the unionized bluecollar employes. Ray's pay like level would tend to push the employes to manize, it has been alleged.

Cochran said the leaders talked about a "lot of figures" and that it would be up to the budget committees to make a recommendation.

 Approval of a deadline for con-tracts to be approved in future years, thus avoiding the necessity of a special session.

 Rejection of Ray's suggestion that the bill acknowledge general permission for the contracts to "su-persede" state law. Rather, Cochran-sard, the leaders would prefer writ-ing in the specific chapters of the law which would be temporarily je-perced by the contracts over the post. pored by the contracts over the next

two-year period.

There are several instances where the five collective bargaining contracts are at variance with state law. With the exception of the UNI respector classe, the exceptions are minor.

Cochran said there would also be

Cochran said there would also be language saying the legislature considers the law to override contracts unless the legislature grants specific permission to deviate.

Asked how he would fend off charges the leaders were "bullying" the committees and requiring law-makers to be rubber stamps, Cochran said, "you simply can't sit down with 150 people (100 house members and 50 state senators) and iron out something we've never had to work with before.

"Somebody had to make a start." State Rep. Joan Lipsky (R-Cedar Rapids), an assistant minority (eader, said she was "pleasantly surprised" that most of the decisions were arrived at unanimously and that most of the disagreements were substantive rather than partisan.

"We were able to talk things over and teath a unanimous conclusion."

—Murder — Gilbert and Dodd drove to Gil-

Gilbert and Dodd drove to Gilbert's house. Gilbert tried to calt the Benton county sheriffs office but the line was busy. He called the Cedar Rapids buse highway purrol office. Officers there said they would send a trooper and contact Benton county authorities.

Officials investigating the murder said the house also had been ransacked.

There was some speculation that whoever killed Plucar was recognized by the victim. Maybe that was the reason the intruder bound the victim's hands. That possibly it was someone who had fearned that Plucar host reports within home fell. car kept money at his home (al-though that hasn't been verified).

Some of the neighbors said it could have been someone who lived in the area, "because an outsider probably wouldn't have picken that house to break into." They said one could tell from the road it wasn't a house of affluence.

But because locals can't think of

anyone in the area who would want to hurt Plucar, speculation is, the murderer could be a stranger.

The victim was last seen alive at 2 p.m. Tuesday sitting in a lown chair, according to Popenhagen.

Flood Work Turndown Hit

county supervisors Wednesday lashed out at the U.S. army corps of engineers after learning it is unlikely there will be federal help in solving flooding problems on roads north of the Coralville reservoir. Johnson County Engineer O. J.

Gode told supervisors that the corps

proposals for projects north of the

proposals for projects north of the reservoir.

Ironically, one rejected plan was developed by the corps staff in Rock Island. The corps would have regraded three and a half miles of county road E west of highway 218 to bring the road above flood level and constructed a new britage and structed a new bridge and culverts at that location.

The county would have paved the road with the total cost of the project being more than \$1 million.

A second proposal would have in-volved federal cost-sharing for cul-verts and regrading of Sandy Beach

Supervisor Chairman Lorada Cilek snapped, "They're impossible to work with." Supervisor Donald Senr commented, "For years they've been promising to do something about this area. They even turned down their own plan. It's a sad situation when they won't help seeing they caused the flood problems themselves."

Gode said he was informed of the decision, made by corps officials in Washington, through a letter from the Rock Island district.

The county had been negotiating with the corps over these improvements since 1970. The county experienced major flooding in 1974.

in other business, the supervisors unanimously approved a contract with the county ambulance em-

The 15-month contract, retroactive to April 1, will provide pay raises of \$20 per employe every three months. The first raise will be July 1. The starting pay for ambulance employes will go from \$7,200 a year to \$8,160 by April of 1978.

The contract signing came shortly before arbitration proceedings were expected.

lowa City Street Project Is Under Way

IOWA CITY — lowa City residents should change their driving habits regarding Muscatine avenue in Icwa City.

A \$625,000 widening and repayable for the control of the contr

ing project of Muscatine avenue be-tween First avenue and South boulevard started Thursday. Motorists were advised to use Rochester avenue or highway 6 until the project is completed sometime in November. Until then parking on Wayne avenue, which can also be used as a detour, will be prohibited.

Tennis Lights

TAMA — The South Tama school board has accepted the low base bid of \$10,600 from Brite-Way Electric, Marshalltown, for lighting the tennis courts at the senior high school.

26 Towns Seek Water Funds

munities have applied for federal assistance under the emergency loan-grant program for towns under 10,000 population with drouth-wa-ter related problems, a U.S. department of agri-culture (USDA) spokesman said Wednesday.

Eastern Iowa towns who have made pre-ap-plications, and the amounts sought include: Columbus City, requesting a \$179,300 loan: Waucoma, seeking a \$215,000 loan and \$203,000 grant, and What Cheer, seeking an \$80,000 grant.

Most of the communities involved are from

western lowa.

The lowa applications amount to \$10.3 million in loans and \$4 million in grants, the USDA official told a senate rural development subcommittee presided over by Sen. Dick Clark (D-Isma).

The session was intended to determine the The session was intended to determine the effectiveness of the emergency drouth program, and Assistant Agriculture Secretary Alex Mercure said he felt the USDA had "dropped the ball" in its handling of the \$225 million emergency drouth program for small communities.

"We probably have not responded as adequately as we would like," Mercure said.

Since the entire state of lowa has been declared a drouth disaster area, any community in the state with a population of less than 10,000 is eligible for like funds.

Towns Surveyed

Towns Surveyed

Towns Surveyed

Clark said the committee surveyed nearly 70 towns in lowa that are expertencing water problems, and found the vast majority of local officials had not heard of the program.

"We also found a lot of confusion among the officials administering the program. Here in Washington, people say the decision on money is made at the local level, and local officials tell us that they are collecting applications to be sent to Washington.

Mercure said he would see to it that federal

Mercure said he would see to it that federal representatives accompany Clark to lowe to meet with state and local officials about the pro-

Clark said he petitioned the federal officials

Clark said he petitioned the federal officials to extend the program until April.

"Even if they got their applictions in today, under the current program they would only have until Sept. 30 to get their programs set up. That's just 100 days away."

Clark said he boped to bring federal officials to lowa "within the next few days."

Fisher Guilty Of Perjury

MANCHESTER — Dennis Fisher, 31. Anamosa, was found guilty of perjury Wednesday by a Delaware county district court jury here.

No sentencing date was set for Fisher, who was found guilty of lying about the January, 1975, death of Howard Miller, Masonville, during a presentance baseing.

ing a pre-sentence hearing.
At the March hearing he chained he was druck at the time of the Miller killing, and his account of the shooting incident originated with Myra Miller, the dead man's wife.

charge eware County Attorney Michael Carr for the contradiction in testimony

Fisher last year was convicted of murder in connection with Miller's death. However, the awa supreme court overturned the convictor and a second trial was set for Claytor district court, in Elkader, in September,

Want to Self Your Home? So Do We-Give Us A Call sode is a prime illustration for the need of con-gress to keep track of what happens to legisla-

gress to keep track of what happens to legislation after it is passed.

"I don't think there's any question but that this program would have continued to flounder around for months if our subcommittee hadn't started to ask questions," he added.

In questioning the USDA witnesses, Clark repeatedly stressed the need for quick action so that the program can bring the relief intended.

The program, an extension of the Farmer's flome Administration's regular server and water program, was funded by congress this spring and went into effect May 6. and went into effect May 6.

Brochures

Witnesses testified that the information con-cerning the program was disseminated in 3 mil-lion brochures sent to farmers and ranchers and the distribution of the contraction of the also distributed at a recent national meeting of

also distributed at a recent national meeting or mayors in Turson, Ariz. Clark questioned whether the mayors of many of these communities needing help would get the word through such a route. He pointed

out that the mayor of his hometown of Lamont. an Eastern lowa town of about 490, obviously never went to national mayors meetings. Clark suggested that a direct mailing could "zero in" on the communities that are in greatest need of

the program.

Under questioning, witnesses testified that most applications for drouth assistance should be made at the local and state level. They added that the majority of these applications could be approved at state level.

Apparently in some instances applications have been made at the state level and have been held there for forwarding to Washington, Clark

The drouth relief aid is just one aspect of the entire spectrum of rural development programs which Clark's subcommittee is now examining.

"The congress came up with these programs in 1962," Clark explained. "We want to find out if they are really being implemented and how well they are being followed."

Clark told the witnesses he would recall them in about three months for a progress re-
