Final totals show telethon hurt by rain

Heavy rain on Labor Day morning dampened the Cedar Rapids effort in the Labor Day Jerry Lewis Muscular Dystrophy Telethon, putting the final tally behind last year's fund-raiser.

The telethon, carried locally by WMT-TV, is an annual event to raise money to combat muscular dystrophy.

Nationally, more than \$31.5 million was pledged during the 21½-hour telecast.

In Cedar Rapids and Waterloo, this year's total of \$257,739 was more than \$6,000 below last year's preliminary estimate of \$264,092, according to Melissa Emerson, district director of the Eastern Iowa office of the Muscular Dystrophy Association.

According to Emerson, a breakdown of funds raised includes \$234,106 in local pledges, \$5,504 from the fishbowl at Crossroads Shopping Center in Waterloo, \$5,921 in other Waterloo activities, \$5,208 from the WMT fishbowl, and \$7,000 from collections and activities at WMT's Broadcast Park. The last \$7,000 includes \$1,660 that was donated to the McDonalds' fishbowl.

Last year the fund-raiser brought in \$232,132 in pledges, \$6,711 from the Waterloo fishbowl, \$4,597 from other Waterloo activities, \$11,042 from the WMT fishbowl and between \$11,000 and \$12,000 from WMT's outside activities.

"The weather definitely hurt us all over; it did dampen some of the activities," Emerson said. She noted that the Eastern Iowa district of MDA has 45 outlying pledge centers, all of which had activities planned for the weekend. Many of those were rained out.

"How much we lost because of the rain we never can tell," she said.

Incident at tavern results in 3 charges

Police late Friday night arrested Terry L. Klouda, 19, of 818 10th St. SW, on charges of assault, intoxication and possession of controlled 25-50% off many trees, shrubs substances after officers were sent to a First and evergreens. Frontier Garden Avenue West tavern to remove a guest who wouldn't leave.

Steve Griffin, an employee of Rufus Ma-Cooter's, 729 First Ave. SW, told police Klouda struck him when he asked Klouda to leave the

Klouda was held overnight in the Linn County Jail and was released after a court appearance Saturday morning.

A Cedar Rapids firefighter stands by early Saturday, ready to water down a gasoline spill after a car crashed into an unoccupied apartment house at 1407 Mount Vernon Rd. SE.

Car crashes into house; 3 injured

Charges of drag racing and reckless driving have been filed against the driver of a car involved in an accident early Saturday on Mount Vernon Road near 14th Street SE. Three persons were injured in the incident.

Richard Beets, 17, of 1743 Sixth Ave. SE, was charged after his car slammed into the rear of a station wagon driven by James E. Pirtle, 30, of 1513 17th Ave. SE, causing Pirtle's car to roll over, onlookers said.

Apparently out of control following the impact, Beets' car crossed the median and

crashed into the side of an unoccupied apartment house at 1407 Mount Vernon Road SE.

Pirtle was taken by Area Ambulance to Mercy Hospital, where he was listed in good condition Saturday. Two passengers in Beets' car apparently walked away from the scene of the accident but were later treated at Mercy and released. They were Melissa Carr, 16, of 720 15th St. SE and Colbert Beets, 17, of 1618 13th Ave. SE.

The "loud crash" of the collisions brought more than 30 onlookers to the site to see what

Another increase in interest rates for U.S. Savings Bonds.

hat's the good news about U.S. Savings Bonds. The Series EE Bonds you buy today grow bigger, with an increased interest rate of 9%. And they do it faster, with a shortened maturity period of only 8 years. Interim rates have been improved, too. Bonds earn 6% after 1 year and 8½% if held 5 years.

These changes make Bonds much more desirable. And with the Payroll Savings Plan, it's easier to save more, in a shorter time.

In fact, almost all outstanding Savings Bonds will benefit from a 1% increase to their next maturity.

So take another look at Bonds. They're still easy to buy through the Payroll Savings Plan; they're safe, guaranteed. Take a look at the tax benefits. The new interest rates.

The shortened maturity. And you'll see Bonds do make sense.

For you, and for your country.
