#### "it pays to know"

YOUR CAR ENGINE IS LIKE YOUR HEART—IT NEEDS CARE AND PERIODIC CHECKUPS. Just one carbon-coated spark plug can rob even a 4-cylinder engine of 25% of its power. It also wastes gas and brings undue strain on other engine components. So have your car engine checked regularly. It really pays. And it also pays to check the better mileage you'll get on car insurance with State Farm Mutual. Call me today!
